COLLIER REQUIRES HOUSE NUMBERS

When Collier adopted the Township Code in 1991, provisions were included requiring street numbers on all structures.

"Each building to which a street number has been assigned shall have such number displayed in a position easily observed and readable from the public right-of-way. All numbers shall be in arabic numerals at least three inches (3") high and one-half inch ($\frac{1}{2}$ ") stroke. (76 mm X 13 mm)."

The Township rules and regulations require that the numbers and background be contrasting colors and must be reflective. The Township Code provides for fines up to \$1,000.00 for anyone refusing to comply.

Pursuant to Collier Township Code of Ordinances [Ordinance 505 (7/3/91)], Chapter 5 (Code Enforcement), Part 2 (Property Maintenance) Article 1 (Administration and Enforcement), Section PM-104.8 (Rule-making authority) the following rules and regulations are adopted:

These rules and regulations shall apply to enforcement of *The Property Maintenance Code*, Section PM-302.2 Street numbers:

1. The street numbers and their backgrounds shall be in contrasting colors and shall be reflective.
2. Street numbers three inches in height shall be no more than twenty five feet (25') from the street. Street numbers shall be permitted more than twenty five feet (25') from the street only when the height is increased such that the height is not less than 1/100 the distance from the street. In no case shall the street numbers be more than 100 feet from the street.
3. Street numbers must be visible to vehicles approaching in either direction along the street.
4. Street numbers may be placed on posts, fences or mail boxes provided the post, fence or mail box is on the same side of the street as the structure and is not more than five feet (5') from the driveway leading to the structure. Rule 3 above may require street numbers to appear on both sides of post or mail box.
5. Street numbers placed on posts, fences or mail boxes shall be not lower than thirty inches (30") nor higher than fifty-four inches (54") above the ground.
